**CHANGE IN THE WEATHER FLAGS**

WEATHER DEPARTMENT WILL SERVE THE PUBLIC MORE PROMPTLY IN FUTURE.

The following has been issued by Local Observer Wm. F. Reed, Jr., of the weather department:

"Local Office, U. S. Weather Bureau, Pensacola, Fla., April 8 1935.

"In order to serve the public more promptly with the daily forecasts of the weather a new set of flags have been received from the Washington office and will be displayed from the roof of the government building. The flag will be hoisted each day as soon as the forecast is received from the Washington office. When storm warnings are ordered to be displayed, the weather and temperature flag display will be omitted.

**Interpretation of Displays.**  
"White Flag—Fair weather.  
"Blue Flag—Rain or snow.  
"Half White and Half Blue—Local rain or snow.

"Triangular Black Pennant—When above means warmer; when below, colder.  
"White Flag with Black Center—Cold wave.

**Explanation of Storm and Hurricane Warnings.**  
"Storm Warning—A red flag with a black center indicates that a storm of marked violence is expected.

"The pennants displayed with the flags indicate the direction of the wind; red, easterly (from northeast to south); white, westerly (from south to north). The pennant above the flag indicates that the wind is expected to blow from the northern quadrant; below, from the southern quadrant.

"By night a red light indicates easterly winds, and a white light above a red light, westerly winds.

**Hurricane Warning**—Two red flags with black centers, displayed one above the other, indicate the expected approach of a tropical hurricane, or one of those extremely severe and dangerous storms which occasionally move across the Lakes and northern Atlantic coast.

"No night hurricane warnings are displayed."

**BAGDAD SASH FACTORY SOLD****Special to The Journal.**

Bagdad, Fla., April 8.—Mrs. Emma Aldridge and Mrs. Susie Cooper, of Tusculum, Ala., are visiting with R. B. Morris and family.

A. P. Harding of the First National Bank of Milton, has bought the Bagdad sash factory.

H. H. Boyer, of Pensacola, and Julius Snyder, of Germany, were here on business Monday.

Mrs. Emily Joyner is visiting relatives and attending the Presbytery in Pensacola.

N. G. Bushnell, a former resident, spent several days here this week.

The steamer City of Tampa which has been on the dry dock here for several weeks undergoing repairs will resume her run between Milton and Pensacola on Monday.

The snack Davey Crockett of the Victor Hays fleet was taken out of port yesterday.

Bagdad continues to grow. Thompson street had only two small business houses two years ago and it now has nine, including the large company store.

**RATS COMPLETELY ANNIHILATED**

It needs but a few months' more use of Stearns' Electric Rat and Roach Paste to completely free the city from the rats and mice with which it was afflicted a year ago. Stearns' Paste has been used quite freely in the best residences and in many stores. In all these places there are to-day no rats, mice or cockroaches. This Paste drives the rats and mice out of the house to die, and can be depended upon to rid the home of these pests. It is sure death and gives universal satisfaction. Druggists generally have the Paste for sale, or it will be sent express prepaid on receipt of price, by the Stearns' Electric Paste Co., Chicago, Ill., U. S. A. Small size, 25c. Hotel size, eight times the quantity, \$1.00.

**JACK HOOTON'S NEW DRUG STORE**

WILL THROW OPEN ITS DOORS

TO THE PUBLIC ON APRIL 15.

SOLID CAR LOAD OF FIX-

TURES RECEIVED.

Pensacola will soon boast of another drug store, and one which will equal any in the state in appearance.

The new place will throw open its doors on April 15, and is located in the Brodnaham building, southeast corner of Palafox and Romana. The place will be owned by Jack Hooton, a young druggist whom every one knows and for whom every one has a kind feeling.

A full car load of fixtures have already been received from Columbus, Ga., which have been purposely manufactured for him. A number of men are now busy putting things in shape and in a very short time the corner will assume an air of business.

Mr. Hooton will look after the business personally, and give prescription work most careful attention. He will surround himself with competent help, and carry a full line of drugs, toilet articles from the cheapest to the best, and nearly every salable patent medicine on the market.

Jack is a hustler and will no doubt soon work up a large trade for himself which he unquestionably deserves.

**SPORTING NEWS OF INTEREST**

The Terminal Company has commenced the work of putting Palmero Beach in condition for the coming baseball season, and already the diamond shows a decided improvement. The work is being done under the supervision of Captain Phil Sanchez, of the Pensacolas. The diamond is being covered with clay and will be rolled hard and level. This will be a great improvement over former conditions, and the players will be able to handle hard grounders in better style than has heretofore been the case.

The grand stand, which has been a dilapidated condition for a couple of years will also be placed in condition, and new bleachers constructed.

The outlook at present is that the Pensacolas will have the strongest team that ever represented the city, and within the next two weeks the boys will meet and organize. A number of good players are now here, who were absent last year, and it is the intention to form a strong team.

**Three Games To-Day.**

Three games of baseball will be played today, one in the forenoon and two in the afternoon. This morning the Landrums and a team from Kupfrian's park will meet at the Big Ditch. The Landrums and West Ends will also play there this afternoon, and it is expected that both games will be very interesting.

At Palmetto Beach this afternoon the Orioles and the Iowas will play. The line-up will be as follows:

Orioles—Mullen, right field; Touart, pitcher; Roach, catcher; Touart, first base; Touart, second base; Caro, short stop; Bell, third base; Manely, left field; Bell, center field.

Iowa—Shea, right field; Lorum, pitcher; Culp, catcher; Small, first base; Clark, second base; Barnes, short stop; Rittner, third base; Lyons, left field; Lyons, center field.

The annual meeting of the Pensacola Rowing Club will be held on Tuesday night at 7 o'clock sharp. Matters pertaining to formally going into commission will be brought up. All members are requested to be present.

The track at Kupfrian park will be thoroughly overhauled and put into first-class condition for the major race which is scheduled for Wednesday afternoon between "Blue ribbon" and "Grey John."

Both horses have been trained to the hour and an exciting race can be looked for.

The race will be decided best two out of three heats, and is for a purse of \$1,000, and all gate receipts. The horses will be called to the wire at 4 o'clock.

The athletic meet at Kupfrian Park on Friday for the championship of the city, in which the team from the High School victors, has aroused a great deal of interest among the scholars.

Steps are on foot to arrange a meet between the winners of Friday's meet and the team of the Pensacola Business College, to be held some time later in the month.

Definite arrangements have not as yet been completed.

**Want a Ball Game.**  
The apprentice team of the U. S. S. Iowa desire to get a game of ball with any boys' team in the city. Any city team wishing to play is requested to call on or address Chaplain McDonald of the Iowa.

The 15th Company Coast Artillery, Captain Hatch commanding, moved over to Fort Pickens on Saturday, and the 22nd Company, Captain Hilton commanding, moved from Fort Pickens to Barrancas.

Lieut. Col. Arthur Murray, from New York, inspected the submarine mining defenses of the harbor last Monday. This work is under the special supervision of Captain Lyon, who is a graduate of the Fort Totten school. In the evening Captain Lyon accompanied Colonel Murray to Mobile in order to inspect that harbor.
